We are exporting our natural resources to the world

As Aksoy-Group, we have been advancing as Turkey's leading brand in food and agriculture imports and exports since 2018. We have adopted the principle of working professionally for professionals, and we strive to redefine the industry every day with our investments in personnel, technology, and corporate identity. It's not easy to stay on top, so we constantly improve ourselves and our service quality.

Our team is dedicated to providing our customers with the best possible service and always looking for new and innovative ways to exceed their expectations. We believe that investing in our personnel enables us to provide better solutions and support to our customers, and this has been a key factor in our success.

If you're looking for a reliable partner in the food and agriculture industry, you don't need to look any further than Aksoy-Group. Contact us today to learn more about how we can help you achieve your business goals.

Best Regards

AKSOY AR CONSULTING, FARMING, FOOD, CONSTRUCTION AND TOURISM INDUSTRY TRADE LLC.

Towards a connected future

Every step we take invests in the future

Aquaculture

AKSOY Group Aquaculture, a company specializing in fishery products, exports trout, salmon, and crayfish to anywhere in the world using a reliable cold chain. We take pride in our modern production and processing facilities equipped with the latest technology.

Our farm-to-table approach ensures that our products are of the highest quality, providing our customers with an excellent experience. We strive to meet and exceed international standards such as the British Retail Consortium Standard (BRC), International Food Standard (IFS), Global G.A.P., and ISO 22000:2018. Our commitment to sustainability and responsible farming practices also sets us apart. With AKSOY Group Aquaculture, you can trust that you are receiving the best products that are produced with care for both our customers and the environment.

Processing Facility

AKSOY Group Aquaculture offers products produced by trained personnel under the EU approval number and HACCP plan. Additionally, our production and processing facilities comply with international standards such as the British Retail Consortium Standard (BRC), International Food Standard (IFS), Global G.A.P., and ISO 22000:2018

ISO 9001 - 2008
